PROFILE

I am a Junior Web Developer with 2+ years of experience in the MERN (MongoDB, Express.js, React, Node.js) stack and the MEVN (MongoDB, Express.js, Vue.js, Node.js) stack. I specialize in frontend development and have a strong understanding of backend technologies. Currently, I am working as a Frontend Developer Instructor at SQI College of ICT, where I impart my knowledge and expertise to aspiring developers.

EXPERIENCES

2023 SQI College of ICT, Ibadan, Nigeria.
Instructor

- Taught courses in frontend web development, including JavaScript, HTML, CSS, and related technologies
- Facilitated hands-on coding projects and group exercises to help students build practical skills and apply theoretical concepts.
- Developed and updated course materials, including lesson plans, presentations, and assignments, to keep pace with industry trends and best practices

2022 Freelance MERN Stack Developer

- Worked with clients to understand project requirements and deliver customized solutions using Next.js and MERN stack technologies
- Designed and implemented responsive and user-friendly interfaces using HTML, CSS, and JavaScript frameworks such as React and Redux
- Built scalable and efficient backend systems using Node.js, Express.js, MongoDB, and other related technologies
- Collaborated with other developers and project stakeholders to ensure timely delivery of high-quality work
